

# **HO MODEL TRAIN LAYOUT FOR SALE**

**This HO model train layout is for sale. The layout is 3' 7" by 10' 0" and uses a Bachman E-Z Command DCC Control System. The layout has two steam and one diesel locomotives with DCC control and sound. There are about 20 assorted freight and passenger cars. The layout as can be seen in the photographs has numerous buildings and scenery that are included. There are also some assorted parts such as couplers. The layout can be extended on the left side by going through the tunnel. See additional photographs below.**

**Suggested price is \$799 or best offer.**

**The HO layout will need to be moved from a basement, up a set of stairs through a hall to the outside. The layout will need to be temporally carefully split into two pieces in order to move it and then it will need to be reassembled and then repair of any damage.**
